

Dear parents,

Date night is a service The Gift of Kids offers that is separate from our preschool program, daycare, curriculum and any other services that we offer. It is a babysitting service that we offer to parents with teachers that are familiar to your children but should be considered completely separate. Because date night is separate, we cannot accept payment under The Gift of Kids. Please pay \$20 cash before date night to hold your child's space. Jennifer, the owner divides the cash between the teachers after food and other related expenses are paid. As a reminder, teachers do not accept tips or any additional payment.

I, _____, as a parent (or guardian) of _____ understand that by permitting my son/daughter to participate in this activity, have waived all claims against The Gift of Kids and its employees for injury, accident, illness or death occurring during said activity.
